

IGNITING THE MOTHER EARTH FLAME CEREMONY

I take the Air element of the East direction from this incense.

I take the Fire element of the South direction from this lit candle.

I take the Water essence of the West direction from this bowl of water.

I take the Earth element of the North direction from this bowl of earth

To be a physical offering to You, Great Mother, representing my newly discovered gratitude to You for weaving my spirit into these physical elements of You.

And so I devotedly declare that it is out of Your **Original Love Breath** that I AM woven into material reality moment by moment.

And it is because of Your **Original Love Breath** that the awakening to the I AM Whom I Am, is happening.

And it is from Your **Radiant Love Gaze** that I AM enabled to experience Earth's Life, Death and Rebirth Cycle in order to gloriously Evolve.

And it is by Your **Boundless Mercy** that I AM more and more of whom You have created me to be and unite in You, as all other of Your manifestations, visible and invisible, have done.

For You, Mother, gaze love into the depths of my greatest scenarios of resistance that burnish away my most ingrained ways of being separated from You.

For You, Mother, stun me with realizations about how miraculous and wondrous I AM and always have been.

For You, Mother, are revealing Your Guidance to me so that I may find my way into the momentous Year of 2012.

For Your eternal dauntless devotion to nurturing, protecting, and teaching me, Holy Mother, is ever unceasing and always, always, always, always, transmuting even my most entrenched negativities and darkneses into the Eternal Light I forever AM.

I now know there is no sound that is not You.

There is no touch that is not You.

There is no taste or smell or sight that is not You.

(Now Candles are passed out for each guest to ignite and then speak the following request):

AND SO I BECKON YOU TO TAKE RESIDENCE WITHIN ME UNTIL I AM ABLE TO REALIZE THAT I RESIDE AND ALWAYS HAVE RESIDED IN AND AS YOU.
