

ONLY YOU IN MY HEART

**Only You in my heart
Only You loving me.
Only You lift me up above
The clouds where I can see.**

**Then all things be as You
Would have them.
Nothing more as it seems.
Remembering the long forgotten.
The Breath within the silence
Whispers of love in an
Ocean of Peace.**

**I ask only this of You,
To rest forever in your renderless
Grace.**

(Chorus of ONLY YOU twice).

**You come to me softly.
A star in my dream.
Never asking for more than I have
You give me everything.
The sweetness of Your Love
Holiness Sublime.**

**Becoming You in all of me.
One Love Entwined.**

(Chorus of ONLY YOU twice more).

INSTRUMENTAL INTERLUDE

(Chorus of ONLY YOU three more times).
