

THIS EMBRACE BY KIRTANA

**As I fall into this embrace
I feel your arms extending into space.
While a love that will not rest
Blows through my open chest.**

**And tears fall from my heart like rain
Like liquid love pouring from the slain.
Glistening with grace,
Christening my face.**

**Let this love carry me
Downstream like a petal of Presad
Uproot and ferry me
From the heart of confusion
To the heart of God.**

**Words fall from my lips but they
All fall short of what I want to say.
They gather where it's sweet
Then surrender in defeat.**

**So I fall into Namaste
With this life I nearly threw away
And say 'Use it as you will.
The tiger keeps it's kill.'**

**Let this love carry me
Downstream like a petal of Presad
Uproot and ferry me
From the heart of illusion
To the heart of God.**

**As I fall into this embrace,
As I fall into this embrace.
As I fall into this embrace.**
